Mapped with PSO	

### Report of the Event:

The Department of Management Studies, LoGMIEER, organized a **Personality Contest** on **19th September 2025** for the newly admitted MBA first-year students. The event was designed to foster the hidden talents of the students and provide them with a platform to showcase their confidence, communication skills, creativity, and overall personality. It served as an excellent opportunity for the newcomers to express themselves, develop stage confidence, and interact with their peers and faculty members in an engaging and encouraging environment.

The main objective of the contest was to encourage self-expression among students while identifying and nurturing their unique talents. It aimed to enhance their communication, presentation, and interpersonal skills, which are essential traits for aspiring management professionals. The event also helped build confidence, self-awareness, and professional etiquette among the students, aligning with the department's vision of holistic student development.

The contest was conducted in two rounds. The first round was the **Introduction/Talent Round**, where each participant introduced themselves and exhibited their talents such as singing, dancing, poetry, mimicry, and public speaking. This round gave them an opportunity to creatively express their individuality. The second round was the **Question and Answer**

**Round**, where judges and faculty members interacted with the participants and asked questions to evaluate their spontaneity, presence of mind, and ability to think critically.

Participants were assessed based on various parameters including their talent, communication skills, confidence, and overall presentation. The event was judged and guided by respected dignitaries — **Principal Prof. K. V. Chandratre, Head of Department (MBA) Dr. Sarika Ptil**, and judges **Dr. Kamthakar** and **Prof. Gawale**. Their valuable feedback and interaction added depth and learning to the event, inspiring the participants to improve their managerial and communication skills.

After an enthusiastic and competitive session, the results were announced by the Principal, HOD, and judges. The deserving participants were honored with the titles **Mr. Best Personality** and **Miss Best Personality**, recognizing their outstanding performance and well-rounded personality traits. The winners were felicitated with certificates and appreciation from the dignitaries.

The Personality Contest 2025 concluded successfully, receiving overwhelming participation and appreciation from both students and faculty. It not only brought out the creativity and confidence of the first-year MBA students but also created a sense of belonging and motivation among them. The Department of Management Studies expressed gratitude to the Principal, HOD, faculty members, judges, and student coordinators for their support and cooperation in making the event a memorable one. The contest truly reflected the department's continuous efforts to promote experiential learning and all-round development of its students.

After an engaging and competitive session, the results were announced by **Principal Prof. K. V. Chandratre, Dr. Sarika Ptil**, and the panel of judges.

The titles awarded were as follows:

- ☐ **Mr. Best Personality** – *Mr. Arjun Kshtriya*
- ☐ **Miss Best Personality** – *Miss. Rutuja Kadam*
