| Mapped with PSO | PSO1, PSO2   |

#### Report of the Event:

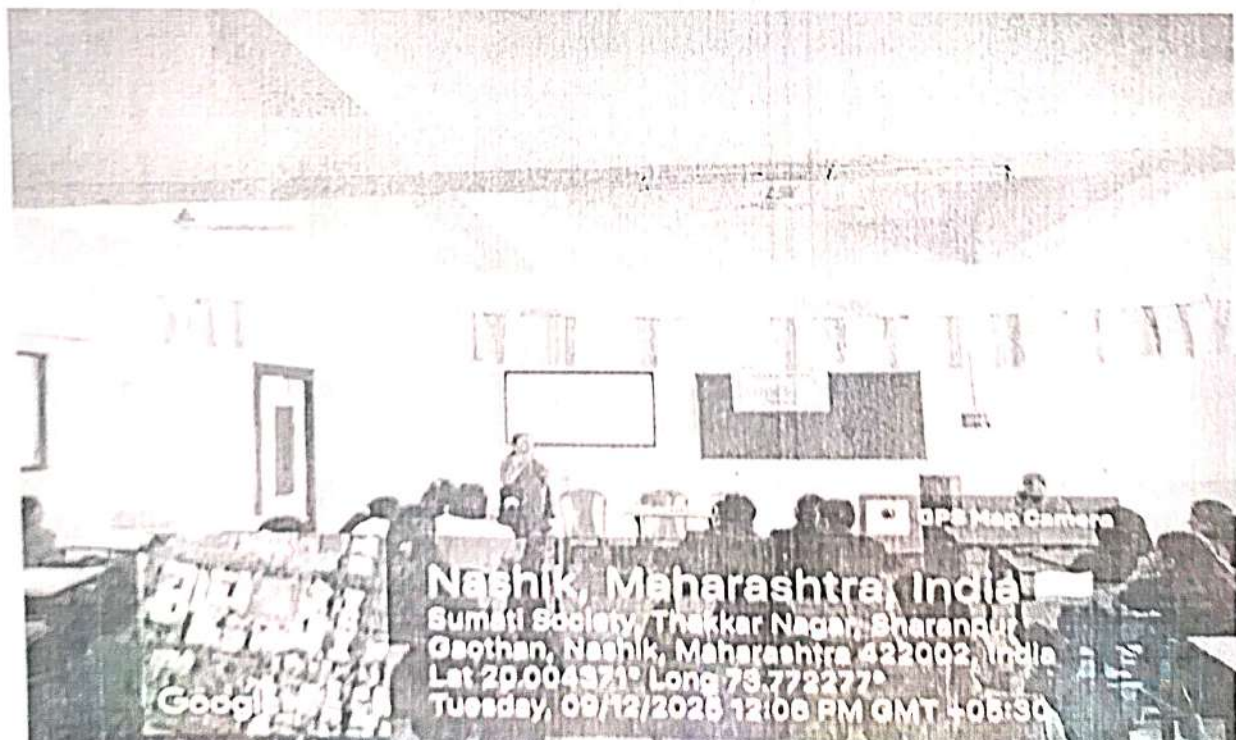

LOGMIEER'S The Department of Management Studies (MBA), organized a Financial Literacy Awareness Program on 9th December 2025 for whole day for MBA and First Year Engineering Students. The program was conducted by the Securities and Exchange Board of India (SEBI) through its authorized resource person, Mrs. Mili Saha Paul from MISE Edutech, who is also a registered resource person with Central Depository Services Limited (CDSL) Bombay Stock Exchange (BSE) and National Stock Exchange (NSE) of India.

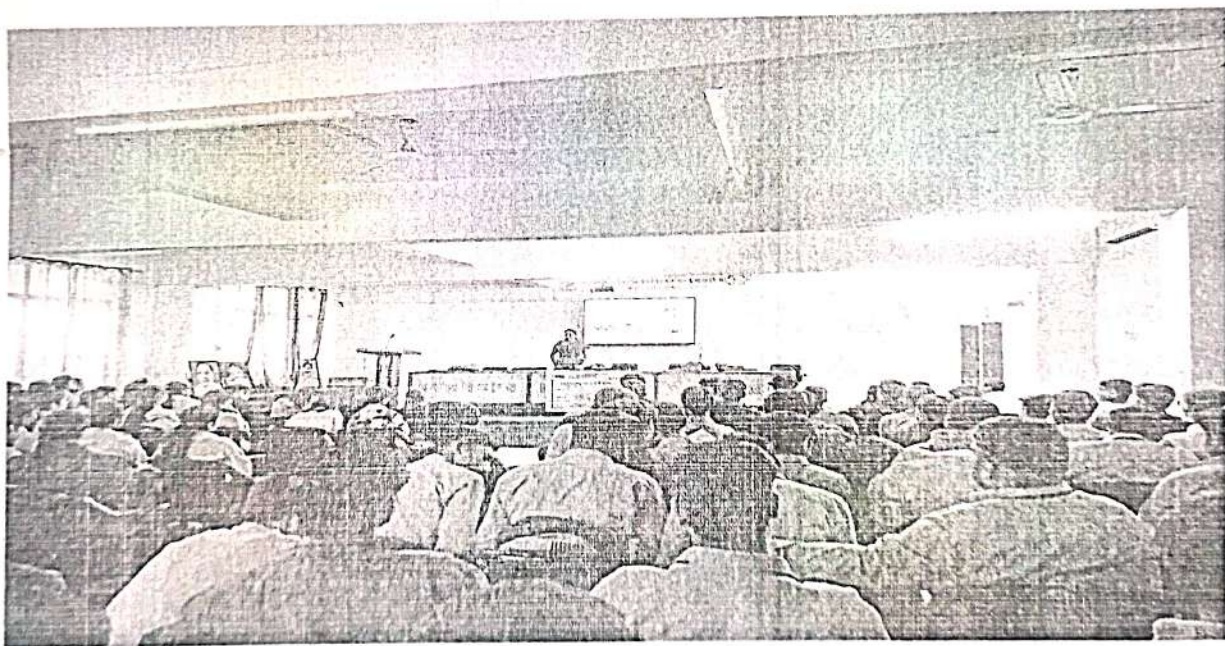

The session was specially designed by HOD of Department of Management Studies (MBA) Dr. Sarika Patil, as a workshop to instill financial discipline and wealth management skills

among students. Mrs. Mili Saha Paul delivered an engaging and informative session covering key topics such as long-term financial planning, wealth management strategies, and the significance of regulated investment platforms. She guided students through a comparative analysis of various investment avenues vis-a-vis real inflation rates and lifestyle inflation, empowering them to make well-informed financial decisions.

The program successfully raised awareness on critical financial concepts including inflation, financial awareness, and the role of regulatory bodies like SEBI, BSE, and NSE in safeguarding investors. Students actively participated in discussions and were encouraged to adopt prudent financial habits for a secure future. The event was highly appreciated by students and faculty alike, achieving its intended objective of fostering financial literacy at the grassroots level. SEBI feedback form filled by the students at last and the program ended with the vote of thanks by MBA I Year Student.
